**CALL TO THE PUBLIC:** General Comments: Questions on tax rolls. Down 200 properties which affect the bottom line. Mike spoke to Steve Reyes about the devaluation of the properties of which he has no new information and is not sure why its happening. He will talk to our congressman who will contact CRIT and speak to the county accessor to see why we aren't getting any funds. The public was urged to write letters concerning the leases and the property taxes. Discussion on why CRIT is not being challenged by anyone. The San Bernardino County reps need to do something. Contact Raul Ruiz at 760-424-8888.

### **OLD BUSINESS:**

1. The clubhouse has been painted but the back and sides need to be done when the weather is less miserably hot. Thanks to all who helped with the painting.
2. The gazebo is gone thanks to all that helped with that.
